Dear Distinguished Members of the Judiciary Committee,

Please oppose S.B. # 16

As a legal gun owner of this state we are under attack. I'm opposed to extending the list of banned firearms. Every few years, this state keeps adding firearms that are in common use, to the already long list. I am a mother, a wife, a daughter, a friend and a responsible gun owner who will be extremely affected by the changes that are attempting to be made.
